5469 "Most Wanted"

We were like tracking down this killer for the reward money. Only he turned out to be a psycho instead. We could tell he was a psycho cause he was like tracking us down, and there wasn't a reward on us. Then he gave us a butt tattoo cause he had learned how to do them in prison. So maybe it's true that jail teaches you skills and stuff.

"PREACH ON, BROTHER BEAVIS!"

6917 Lepercans

These dudes are like really short and when it rains they like put out a pot of gold or something. It's something weird. But it figures, cause these guys are like college dudes from that school. Notre Damn. And they probably listen to U2. Lepercans suck. Their cereal is pretty cool, though. It's like pink, huh huh huh huh huh.

6903 This Rocks!

Me and Beavis do this if something is cool. It's like we're on stage at our concert and the crowd is like our slaves because that's how cool we are. Except instead of like instermints, we just play oh, like ourselves. And there's no crowd. We're like all by ourself, unless we're in a store and people are like looking at us. Huh huh. They're going, "those dudes are pretty cool." Some asswipes think that if you put your hand like mine it means you worship Satan. But you can just like him and put your hand like that. You don't have to worship him.

SNAPPY COMEBACK: UH. HUH HUH. UH.

6945 Tattoos Rule

This dude in the park told us that in Japan you can get these tattoos that like cover your body and stuff. You can get like pictures of dragons and stuff. Beavis said he was Me and Beavis are like going to Japan. You have to take a bus, though. Beavis said he was already there one time so he remembers the way.

Van Driessen wasn't very polite when Grrrrraaaaaaal introduced himself. Like, if you met another son for the first time and then that person crapped his pants, you would probably think he was pretty rude or something. Heh heh. But we think it made Grrrrraaaaaaal like Van Driessen even more. Heh heh.

BEAVIS SEZ:

6943 Raw Incendiments

At Burger World all the meat is caught fresh daily, huh huh. Beavis is like a good hunter. He like lures a mouse out with the cheese from a Dairy Burger. Then he cooks it till it's crispy and all the germs like boil out or something. Then he serves it to Anderson. He says he's so good at it cause, like, he can think like a mouse.

5169 **"Foreign Exchange"**

This kid from Japanese was in our class one time so we had to like, explain how to do stuff in American. Like, how you go to the mall and spit on people. Or like, how you mess with Anderson's head and stuff. He's back over in Japanese now, but he's probably teaching all a them how to do stuff in American by now.

"THAT WAS A LOT OF LIQUID REFRESHMENT."

9769 **Todd's Gang**

There's this guy we know. His name is Todd and he's cool. He's our friend. He doesn't know he's our friend, but he is. These dudes are like in his gang. They're pretty cool too, and they're our friends, even though they like don't know it either. Their names are J.D., Slade, and Psycho. They let us hang with them. Except like if we have to drive somewhere, we have to ride in the trunk. They told us it's the law. That's okay though since we're all like friends.

SNAPPY COMEBACK UH. COME AGAIN HUH HUH.

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

3469 **"Give Blood"**

We heard that if you like give somebody your blood they give you money or something. But like, then we found out you just get a cookie. Huh huh. And a buzz. Like, if you were always giving blood, you'd like always have a buzz. Like, maybe we get born with too much blood. If you could be genetically mutilated so you never had enough blood and you were always buzzed, that would be cool. Something to think about.

"AND WHEN YOU'RE DONE, DON'T FORGET TO STAND UP REALLY FAST. IF YOU'RE LUCKY YOU'LL PASS OUT."

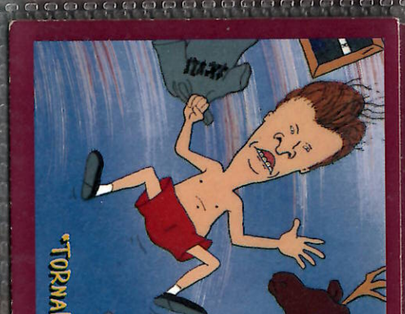
2969 **"Way Down Mexico Way (Part II)"**

You're spossed to go through customes or something, and like, there's this guy there who's sort of a security guard for the country. And his job is to make you wish you weren't coming back to the United States of the U.S. Plus, we were like helping this dude bring some medicine back to America and like we had to swallow it so the security guard at customes wouldn't take it. Huh huh. It was pretty good medicine. It had like a pretty strong subscription.

"I CAN'T BELEVE HE MADE US WALK BACK FROM THE BORDER. MEXICO SUCKS."

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.



9469 **Gina**

There's this chick in our class named Gina. She's like the president of the cheerleaders. The cheerleaders are like these chicks that dress the same and they yell and stuff at like football games and then afterwards they get in the cars of the football dudes and, huh huh huh, do it. Gina's like the president of the cheerleaders cause she's the best at it. Huh huh. She gives us money so we won't talk to her. That sort of makes us her boyfriends.

"TEST YOUR KNOWLEDGE. WHAT IS THE CAPITAL OF FRANCE? UH. EUROPE

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

6935 **Born to Hog Wild**

There's this biker lady we know, and we're her badass mamas, which is biker language for cool. Motorcycles are cooler than regular bikes for, um, a lot of reasons. Like they're faster. And they're louder. And somebody told us that if you have a motorcycle, it's a state law that you can kick anyone's ass you want. But like you have to take that test. That road hog test. That sucks.

GIFT IDEA:
LIKE, BRING ME SOME MONEY, DUDE.

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

9369 **Daria Morgendorffer**

This chick's in our class. Her name's Daria, but like we call her Diarrhea, huh huh. Pretty funny. She's got one a those things. You know, uh, a brain. She like reads just because she wants to. She's pretty twisted. One time, she like did this signtific spearmint on us cause she said we were freaks a nature. Huh huh. She wants us. Huh huh. We got what she needs.

"SNAPPY COMEBACK. UH, DON'T MAKE ME SMACK YOU AGAIN"

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

2869 **"Door to Door"**

Charity sucks. You gotta go around and like, ask these stupid people for money and crap, and then you're sposed to give it to Mr. Van Driessen. Plus you got to go into other people's houses and stuff and they like smell funny. And they got like, uh, different hobbies or whatever. Like whipping you. This one old chick like wouldn't give any money unless she could give some lashes. Huh huh. She told us it was the gift that would keep on hurting. It sounded cool. But it sucked.

If you go down to like Sedgemore laundrymat to find some quarters, don't ask ladies like this for money. They go, "I ain't got no money for you kids. All my money's for smokes and bingo. If I had a dime for every time some man wanted a quarter off me, I wouldn't be wastin' my time buyin' Super-Rub Lotto cards from that beady-eyed foreigner. Hell, I'd be rich. I'd have me a pool and a wet bar." They're like philosphers or something.

0269 **"Gizizen Butt-head (Part I)"**

Principal Melicker gave us a pass to leave school and 50 bucks because we were so cool. But then the Secret Cerix decided we were even cooler than that so we had to see the President. Cause the President doesn't know a lot of cool people, so he can't like say, "You're a bunghole, Your Poponess," like you could with a cool guy. The Secret Cerix must have forgot to give us our 50 bucks, though.

"IT'S COOL TO...UH... TRY TO THINK OF STUFF."

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

0369 **"Tornado"**

When a tornado happens, you should go out to the trailer park. It's like a tornado magnet. But you probably won't find our chicks, Lolita and Tanqueray, cause they're like ours, except we got caught in the tornado before it got good. It was OK, though, because we got a good buzz from the spinning. We were sick for a week. Tornadoes are cool.

"A TORNADO COULD RIP YOUR HEART OUT AND SHOW IT TO YOU BEFORE YOU DIED."

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

1969 **"Heroes"**

One time we went out sheet shooting. Except the bullets were bent or something cause they like missed all the sheets and like hit a plane, which was probably gonna crash anyway. So we went over to see if the people in the crash were like eating each other. Like if they were becoming cannon balls or whatever. But they weren't, so we just said, "Later, crash victims." They weren't even hurt hardly, the wusses.

"HEY, BEAVIS, PULL MY LEVER."

TM & © 1994 MTV Networks, a division of Viacom International Inc. All Rights Reserved.

8269 **Lolita & Tanqueray**

We met these chicks Lolita and Tanqueray at the trailer park. They wanted us real bad cause, like, this tornado was coming and we were like the last men on earth. Huh, huh. They're our women. And like if you saw them, you would go, "Those chicks must be Beavis and Butt-head's women cause they're so hot." Huh, huh. They're probably dead now, but at least they got to be our women first.

"TEST YOUR KNOWLEDGE. WHO IS BURIED IN GRANT'S TOMB? A DEAD GUY, YOU ASSWIPE."

8169 **Fairos, huh huh**

These guys are called the Ancient Conniptions. They like lived back East somewhere, in like ancient times. Like when everything was in black and white. But, for being old and stupid, they were pretty cool. Like, they built these thingies in the desert called Pair-a-mids, cause "mid" was like Ancient Conniption for thingie. And they had cool names, like King Tut. And Playdo.

Men at Work or Something

Cooking crap at Burger World is like, hard work. That's why it sucks when some asswipe comes up and complains. You're like, "uh, sir, I'm like cooking some crap here so like, shut the hell up." And like, if you don't want little black hairs in your shake, you should like, get some water. Or like, bring your own shake from home. Yeah, people should just bring their food from home and then if like, something sucked, they'd have to complain at themselves. That way we could just cook crap and not have to like look at these asswipes.

They've got all this coal in Russia so they said, "Hey, we're gonna kick your ass," and it was the Coal War. Only it wasn't on TV like the other war, Desert Nam. Then they surrendered by taking down the wall around Rusha, and now you can go there for vodka cause there's no drinking age.

Mr. Anderson is this dude who's like, practically dead because he's so old. He was like in these wars and stuff and, like, now that he's so old it's the only thing he can remember. Wars and like how to order food at Burger World. We like help him and stuff. You know, like chainsaw stuff for him, and paint on his house and stuff. We're like the sons he can't have because he's so old that all the chicks would go, "Sick! I'd never do it with you, old dude! Go adopt some kids!" We're like those kids.

5569 **"Comedians"**

Comedy sucks. First, you have to go to one a those clubs, where they card you. So that sucks. And then they tell you to stand up and be funny and stuff. That also sucks. Like, if I wanted to stand up and be a dumbass, I'd be, like, a teacher. And then, when you say a word like "butt," it's funny. But some people don't laugh. That sucks worst of all. Hey, I said "butt." Huh huh huh huh huh.

4069 **"Sick"**

When you're sick, you're supposed to get like subscription cough medicine, and that's supposed to like give you a wicked buzz and make you fall asleep. Cool. OK, back in prehistoric times, dinosaurs kicked human ass. Like remember that movie? Geriatric Park? The dinosaurs completely kick human ass till the air force comes. But back in prehysteric times, the air force was really small. So we got rid of the dinosaurs by, like poisoning their food or something. Or by playing college music, so the dinosaurs got depressed and said, "I don't feel like kicking human ass." Dinosaurs rule.

So it was really like a wiener munching festival for foreigners. Then we got busted cause you had to pay a wiener-munch fee, so we had to work with these frogs who were also German, because not only did they like wieners but they also couldn't speak English.
